

PRESER ACE INSERTING-TYPE OINTMENT T

- ◆ PRESER ACE INSERTING-TYPE OINTMENT T contains active ingredients to relieve piles with annoying pain/acute bleeding such as lidocaine that relieves pain, tetrahydrozoline hydrochloride that inhibits bleeding, and hydrocortisone acetate that relieves inflammation, and achieves an excellent effect.
- ◆ The drug has 2 usages - insert the drug for internal hemorrhoids (deep in the anus), and apply the drug for hemorrhoids outside the anus. You can insert the drug cleanly without directly touching the affected site and drug.
- ◆ It soothes symptoms, and gives comfortable sense of use.

Indication

[Infusion] To alleviate pain/bleeding/swelling/itching due to bleeding piles/blind piles

[Application] To alleviate pain/bleeding/swelling/itching due to bleeding piles/blind piles and for disinfection

Dosage and administration

[Injection]

Insert the tip of container into the anus, and inject the entire amount.

15 years or over: 1 piece per dose, 1 to 3 times daily

Under 15 years: Do not use

- Remove the cap, and squeeze out a little amount of ointment to make the surface smooth.
- Insert the tip of the container into the anus, and press the container to inject the drug. (Pull off the tip while pressing the container.)

[Application]

Apply the following dose onto the anus. Do not use the drug for injection once it is applied on the lesion.

15 years or over: suitable dose, 1 to 3 times daily

Under 15 years: Do not use

- Remove the cap, apply the ointment directly, or spread on a gauze, and then put it on the affected site.
 - * If the ointment is hard and difficult to squeeze out, warm the container with palms to make the ointment soft.
 - * Even though a small amount of the drug remains in the injectable container, a proper dose has already been injected in the affected site.

Precaution

- Comply with the prescribed dosage and administration instructions.
- Do not use the drug for children.
- The medicine must be used only for the anal area.
- Insert only the tip of the container into the anus.
